

IHD ADULT EDUCATION PROGRAMS

According to Manitoba Education and Training, a student has the right to attend school until the last day of June in the year in which they become 21 years of age, or until the day they receive a graduation diploma, whichever comes first.

If approved by the school administration, mature students, including those with a diploma, may enroll in regular school programs.

All Adult Learning Centres in Manitoba offer the Mature Student High School Diploma program. To complete this program and obtain a high school diploma, an adult student must take four grade 12 subjects (Math and English are compulsory) and four other high school subjects. To be eligible for the program, the student must be 19 years of age or older and have been out of school for at least six months.
