

JFABD
STUDENTS PLACED BY SOCIAL AGENCIES

The goal of education in the Sunrise School Division is to provide all students with appropriate educational programming. The provision of appropriate educational programming requires that sufficient time be provided for the school personnel, the legal guardian (agency) and the foster parents to collaboratively plan educational programming prior to the student's school entry following the School Registration Form: Children in Care, located in the Education and Child and Family Services Protocol for Children and Youth in Care (Revised May 2013).
