**Principal’s Report:**

We had an effective anti-bullying day. Pink flagging tape was provided for students to make armbands, headbands etc... Murray handed out “This is Me” certificates to all of the classes. During the day students and staff from the various classes visited other classes to write positive comments on the certificates.

We now have a girls group up and running.

Grad update: There are 16 potential grads this year. We will revisit this issue after Spring Break. Some time after Spring Break a valedictorian will be selected.

**Student update:**

One of our students just had a baby girl and both are doing well. Another one of our students will be attending the RCMP camp and she will be graduating on Friday. April 6th is the end of term 3.

Spring Break starts at the end of this week and will be one week.

We have a volunteer recall banquet on April 12th from 5-7 and all volunteers are welcome to attend. Paul, Brent, and Murray will be attending. PAC members are invited to attend.

Sandwick is building a concrete bench that will be a new addition to the foyer at Glacier View. There will be planters on both sides of the bench.

This year, our EAs (3) had their hours cut from 27.5 last year to 24 hours per week. As a result of budget cuts their hours are now down from 27.5 to 22. The plan was to top of with LIF funds but now the school has maxed out its 53 allotted hours. EAs are now down to 22 hours per week. We are hopeful that there will some unused LIF hours that we will be able to access at a later date.

School Review: Senior management wanted information on the alternate programs in the district. As a result, Clyde Woolman will be conducting a school review of Glacier View. He's met with Murray and most of the staff at GV. He will present his findings to the board office at a later date.
