VISION

The Manitoba High Schools Athletic Association believes that participation in sport plays an integral role in the total education of the student. The Association encourages the high school student to participate in activities that will assist in the realization of physical, social and emotional values.

MISSION

To promote the benefits of participation in high school sport by providing athletic and educational opportunities.

PREAMBLE

Recognizing the need for a co-operative agency to plan, supervise and administer the inter school activities of the province, it is recommended that the following principles be used as a guide to the association to be established for this purpose.

1. The aims and objectives of the association shall be in harmony with the goals of education as set forth by Manitoba Education.
2. Participation in the activities of the association should be encouraged, as they are an integral part of the total education process.
3. All students enrolled in member schools, should have the opportunity to realize the physical, social and emotional values that can be derived from inter school competition.

GOALS

1. To encourage participation in high school sport
2. To teach educational values to high school student athletes
3. To promote the value of high school sport across Manitoba
4. To encourage and promote volunteer involvement in high school sport
5. To seek corporate and community partnerships for the Association

OBJECTIVES

1. To encourage participation of students in senior high school activities through inter school and provincial programs.
2. To consider the welfare of the participants as the primary criteria upon which all policies of the association are based.
3. To plan, supervise and administer the interzone, wildcard and provincial activities of the members of the association.
4. To maintain a high level of sportsmanship, respect, and integrity in all activities.
5. To provide an outlet for the skills learned and the appreciation developed through competition.
6. To sponsor activities which promote the objectives of senior high school education.
7. To publish material which will be of benefit to member schools. Publications could include technical and promotional articles as well as material directed to students.
8. To develop and maintain a website to promote high school activities.

INTRODUCTION

The MHSAA has developed this handbook to provide coaches, teachers, and administrators with information relating to rules, regulations, and deadlines.

The MHSAA encourages pertinent information (especially eligibility rules, appeal information, and sport specific regulations) to be copied and distributed to all coaches, and teacher supervisors. Most of this information is also available on our website (www.mhsaa.ca)

Each school must submit an online eligibility form through the MHSAA ExNet system by the date indicated under each sport. (Schools have been provided with user ID's and passwords.) Eligibility forms allow the MHSAA to maintain accurate records and participation numbers in the various sports. Your co-operation is appreciated.

The MHSAA hopes this handbook will be a useful resource. Should you have any questions in regards to provincial championships and/or structure of, please contact the Assistant Executive Director of the MHSAA, Greg Jarvis at 204-925-5642 or email greg@mhsaa.ca.

Should any questions arise in respect to the constitution or eligibility interpretation, please contact the Executive Director of the MHSAA, Morris Glimcher at 204-925-5641 or email morris@mhsaa.ca.

“Never Give up! Failure and rejection are only the first step to succeeding.”

HISTORY

The Manitoba High Schools Athletic Association was founded on April 24, 1962 as a result of a government commissioned study of “physical education and recreation in Manitoba”.

One of the recommendations from the commission, headed by the late Dr. Frank Kennedy was the “definite need for a secondary school athletic association to define policy, standards and participation regulations for all parts of the province and membership should include teachers, principals and inspectors”. After the commission’s recommendation, a group of sincere, dedicated individuals worked very hard to set up an organization which would respond, at that time, to the needs of the schools, their student/athletes and teams in high school sport. Resources were very limited, but the resolve and spirit of those committed people were of a very high degree. Thus, the Manitoba High Schools Athletic Association was born.

Today, we see the MHSAA as a positive influence on the lives of young people and a strong voice in speaking out about the role that high school athletics plays in the total education process.

The Manitoba High Schools Athletic Association’s primary function is to guide the operation of fair and equitable sporting events for high schools in Manitoba. High school sports is seen as the ‘other half of education’ which very much provides young student athletes with positive experiences that will better prepare them for future endeavors in society.

The MHSAA is a member of School Sport Canada and an affiliate of the National Federation of State School Associations.

The story of the MHSAA is one of steady growth in organization, numbers, and the promotion of the value of sports in Manitoba schools. With 190 member schools and over 30,000 student athletes participating, the association operates 11 sports in more than 50 Provincial Championships.

RULES & REGULATIONS

I. Membership

Membership in the Association shall be open to all Manitoba schools conducting classes at the senior high school level. It must be emphasized that schools are association members - not specific sports.

II. Eligibility

Preamble: Provincial competition for student athletes is administered by the MHSAA. The athletes participating represent the highest competitive level of school competition in their sport. It is to be considered an honour and a privilege to participate in MHSAA events.

The MHSAA reserves the right to govern its competition, and in doing so, to demand prerequisites from the athletes, schools and zones. The association attempts to provide a reasonable level of fairness of competition within the framework of MHSAA Championships.

The MHSAA conducts provincial competitions and events for its members. The MHSAA will not be accountable for extraordinary requirements, beyond those identified as MHSAA prerequisites, which are imposed by an association.

An athlete is responsible for making an honest, full, and continuing disclosure to his or her school of all matters which affect his or her eligibility. Schools must submit eligibility data on-line by the posted deadline to be eligible for provincial activities. The school is responsible for placing only MHSAA eligible athletes into competition.

To be eligible for Association competition, schools must meet the following eligibility requirements:

- a) Participating students must be under the age of 19 as of midnight of the current school year, August 31st.
- b) Students are eligible to participate for four years. In determining the four year clause, member schools must count grade 9 as the first year. **The athlete's eligibility begins upon enrolment in grade 9 and is allowed four consecutive years of competition from time of enrolment in grade 9.** (In hockey, grade 9 students (first year bantams) are eligible to play in the Winnipeg High School Hockey league only. They are ineligible to play in all other high school hockey leagues as per agreement with Hockey Manitoba
- c) For sports utilizing the Junior Varsity Category, participating athletes must be under the age of 17 as of midnight of the current school year, August 31. Students are eligible to participate in junior varsity for two years. In determining the two-year clause, member schools must count grade 9 as the first year. **The athlete's eligibility begins upon enrolment in grade 9 and is allowed two consecutive years of competition from time of enrolment in grade 9.**
- d) A student can only play for one school. Should there be a question in regards to what school a student is eligible to play for, then the school the student is registered in at September 30 will be the one.
- e) Students transferring schools before September 30 and becoming bona fide students of another member school will not make that school ineligible for Association competition and will be eligible to play for the "new school". Students transferring after September 30 are not eligible to compete and must apply to the Eligibility Committee for consideration.

Effective 2015-2016 school year, a transfer rule will be in place requiring students to "sit out" a year in any sport that they had participated in the previous school year. The rule is in effect once a student is enrolled in grade 10.

- f) Participating students must be certified by their principal, as bona fide students and as meeting all eligibility requirements. **They must be enrolled in and attending a minimum of two (2) full time courses during the season/semester they are competing in.**
- g) Be a member school in good standing with the Association, and abide by all MHSAA regulations.
- h) Be properly certified school teams under the applicable zone requirements.
- i) MHSAA Member Schools may only compete against other MHSAA Member schools.

- j) In determining the size of a school for classification purposes, a school which is made up of only one gender (all males, all females) will have its student enrollment doubled to determine the class of competition in which it will compete.
- k) All teams must be made up of bona fide students of that school unless provided by exception of this regulation.
- l) A school, for Association purpose, is defined as grade 9 to 12. Grade 9 classes that occur in the same building as grade 10 to 12 are eligible for competition. Grade 9 classes that are held in a separate building/campus are not eligible for competition.
- m) Teams must meet sanction requirements as stated in the regulations.
- n) Schools in exceptional circumstances may apply to the Board of Directors for special eligibility consideration for any student/athlete.
- o) Any school that uses professional athletes, those being remunerated for their participation (i.e. cash tournaments) will be ineligible for Association competition.
- p) Any student who has completed his/her school requirements for graduation would not be eligible for further athletic competition. (A student who completes his/her requirements midyear, but is still enrolled, taking, and attending courses, is eligible to compete).
- q) The MHSAA endeavors to provide equal opportunities for students. Girls may try out for and play on a boys team. They may not play on both the boys and girls team for the same sport in the same season. Once they have declared a team they cannot switch to the other gendered team during the season. If a school has both a boys and a girls team, they are encouraged to play for their respective gender.
- r) Correspondence, home school, and on-line students are ineligible to compete in Association activities.
- s) While grade 8 students are ineligible for Association competition (see point b in exceptions to eligibility), if it is discovered that a grade 8 student has participated, then that would count as a year of eligibility.
- t) Schools rostering two or more teams in a single gender sport – Schools fielding two or more teams in a single gender sport, (i.e.; two varsity girls volleyball teams) are required to submit separate eligibility forms, for each team. Students are only eligible for one team and cannot compete on both teams. (Students cannot move up and down between teams). In MHSAA sports where there is not a designated junior varsity championship, all junior varsity teams registered would be considered a second team and students would not be able to move between teams.

Exceptions to eligibility:

- a) In team competition, R.B. Russell School, Argyle School, and Children of the Earth may allow its students to participate for a different school in the area of their residence.
- b) Grade nine students are eligible for competition, provided they are included under the administration of the high school. Grade 7 and 8 students who are at least 15 years of age, as of August 31 of the current school year, and are ineligible for junior high competition, will be eligible for competition provided that they are included under the administration of the high school. If a student begins play in grade 8, their four years of eligibility would begin at that time.
- c) Students attending Rural Regional Schools (and are living 25 or more kilometers from the regional) are to be given the right to choose the regional school or their home school as the school they wish to play for in interscholastic sports. (pending approval from both schools and MHSAA). They would be committed to that one school for that entire school year.
- d) Overage appeals may be considered.

Eligibility Appeals:

There is an avenue to appeal a student who may not meet all eligibility requirements.

The appeal must include all of the following:

- a) Letter from the principal endorsing the appeal.
- b) Letter from the zone or league president endorsing the appeal.
- c) Letter explaining the student's extenuating circumstances and why an appeal should be granted (medical certificates, relevant documents must be included).
- d) When a student is transferring schools, a letter must be forwarded from the Principal of the former school endorsing the appeal (or explaining the student's circumstances at the former school).
- e) A copy of the student's academic transcript.
- f) A copy of the student's attendance transcript for the current school year, or previous year.
- g) If an appeal is granted, and if the student transfers schools, the appeal becomes void and a new appeal must be submitted.

All of the above must be included in the appeal. Failure to include the above will result in the application not being considered.

There will be three appeal meetings per year. **All fall appeals must be sent to the MHSAA office by noon September 17, of the current school year.** Schools will be notified via MHSAA update of the dates of the remaining two appeal meeting deadlines. Any appeals that are received after the deadlines will be subject to a \$25.00 administration fee.

If a school is unsatisfied with the results of an appeal, a final appeal could be submitted. This would be considered by a committee made up of individuals that were not on the original committee. There is a \$150.00 non refundable fee to have a final appeal considered.

For further information on eligibility appeals please contact the MHSAA Executive Director, Morris Glimcher at 204-925-5641 or morris@mhsaa.ca.

III. Activities

1. Each championship sponsored by the Association shall be under the direction of a convenor appointed by a Zone. The convenor, acting on the advice of the Board of Directors, will form a working committee.
2. Each convenor shall submit a written report of the activity to the Executive Director as soon as the activity is completed for the year. This report shall include:
 - a) a report of the activity (play-off procedure, results, participation, attendance);
 - b) financial statement in itemized form; and
 - c) recommendations for the coming year.
3. The Association shall budget the expenses of, and retain the profits from all competition beyond the zone level. The hosts of “A”, “AA”, “AAA” and “A/AA” & “AAA” JV provincial championships shall retain 50% of the gate receipts and forward the remaining 50% to the MHSAA. The “AAAA” and “AAAA” JV provincial championships will receive a minor official honorarium and will return 100% of the gate receipts to the MHSAA.
4. An activity shall be eligible to be considered as a Provincial Championship provided that a minimum of 8 zones (or 51 per cent of the zones) have competed in that activity for two or more consecutive years.
5. Changes regarding Provincial Championship formats, or sport regulations, will not be considered with By-Law changes, or by Notice of Motion, however, they may be brought up under new business, and discussed at that time. Zones will be encouraged to advise the MHSAA office of any proposed changes to Sport regulations that they will bring up at that meeting, so the office may circulate the information prior to AGM. This can also be discussed at the Presidents meeting if advance notice is provided. The Board will discuss the feedback from discussions and consider at a board meeting.

IV. Awards

1. Provincial Championship Awards shall be the responsibility of the Association.
2. Zone Awards shall be the responsibility of the Zone.
3. All competitors at the Provincial Championships shall receive certificates, which shall indicate that name of the activity, year, and the word "competitor", or "participant".

V. Sanctioning

Sanction must be obtained from the Executive Director of the Association for all of the following activities:

1. Tournaments: (team or individual sports). Sanction must be applied for by the tournament organizing committee of the following:
 - a) Any tournament which has one or more teams from outside the Province of Manitoba;
 - b) Any tournament which is not sponsored or administered by a member school;
 - c) Any tournament which does not meet the requirements set out in number three of this article.
2. Age and Eligibility:
 - a) All competitors competing in provincially sanctioned tournaments must be under 19 years of age as of August 31 of the current school year, and attending an MHSAA member school.
 - b) Schools from other provinces or states invited must satisfy the eligibility requirements of their home state or province.
 - c) **Schools may not play non-school teams in any tournaments.**
3. Exhibition games (teams or individual sports):
 - a) Sanction is not required for exhibition games but member schools are required to report to the MHSAA Board of Directors any incidence(s) which arise during exhibition games which adversely affect the welfare of the students.
 - b) Sanction must be applied for by the members of the Association for any trip or tour that takes a member school of the Association outside the Province of Manitoba for a game or games.
4. Tournaments (not requiring sanction). A tournament does not require sanction, but does require to be registered if it meets the following requirements:
 - a) It is officiated by officials who are members of, or affiliated with recognized official organizations of the Association or host zone;
 - b) No team is required to play more than two games in one day (applies to basketball only);

- c) All teams are members in good standing of the MHSAA;
- d) The tournament is hosted by a member school of the MHSAA;
- e) Awards are no more than certificates, ribbons, pins, medallions, or trophies;
- f) Tournaments sponsored by the MHSAA

Registration: Although tournaments meeting the requirements listed do not need sanction, they must be registered on-line. All in-province tournaments must be registered online by the date listed under each sport. Registration would include the dates of the tournament and a list of the participating teams.

5. To Obtain Sanction:

- a) An application form for inter-provincial sanction is available from the MHSAA website, www.mhsaa.ca. Feel free to call the Executive Director or Association Secretary if you need assistance with this or would like the form emailed to you. The completed form must be signed by the principal and submitted to the MHSAA office thirty days prior to the start of the competition.
- b) The MHSAA Executive Director will consider the application for sanction and, if approved, copies of the application will be forwarded to the Executive Director of each state or provincial association.
- c) Upon receipt of approval or denial of the sanction, the MHSAA office will notify the host school.
- d) When teams or individuals have failed to receive proper sanctioning they shall be automatically fined fifty dollars (\$50.00), and if this occurs another time during the school year, then that school will be automatically suspended from any provincial activities in that sport.
- e) Each request for sanction will be evaluated in the list of the established Association policies. Factors such as distance to be traveled, lost time from school, number of games required per day, and commercial exploitation of the competing teams, will be considered in the evaluation of each request. If the sanction is to be denied, then the Board of Directors or the Executive Director will inform the school or organization within one week of the request being received. Otherwise, the school organization may assume that sanction has been granted. If request for sanction is denied by the Association, then the particular school shall not be allowed to travel or compete under any other name.

MHSAA will not sanction any tournament scheduled during the regular school hours of any provincial in-service. MHSAA will only sanction a tournament held on Remembrance Day if it begins after 1:00 pm.

6. National Championships:

XIII. Sportsmanship Policy

1. **Statement of Administrative Responsibility:** Member schools are expected to conduct their relations with each other at all levels of competition in a spirit of good sportsmanship in keeping with the objectives of the Association. Everyone involved has an obligation to clearly see his/her influence and act accordingly.

This Association acknowledges that the school administration is responsible for the athletic program, including the making of the broad and specific policies relating to sportsmanship and the conduct of activities in the schools. The school principal, for example, as the administrative head of his/her school, has the responsibility for establishing the principles of good sportsmanship in the minds of the entire school family. He/She realizes that the kind of sportsmanship that is practiced or displayed by the representatives of his/her school will reflect to its credit or otherwise.

The principal, therefore, is the final authority responsible for all athletic activity of his/her school at whatever level of competition these are engaged in. In recognition of this authority and responsibility, the following general recommendations are suggested by the Association as a guide to school administrators with respect to sportsmanship policy.

2. **General guideline recommendations:**
 - a) Each School Board should outline specific policies pertaining to Sportsmanship, and ensure that the school personnel in their Division are aware of the responsibility to observe the policies and proper conduct.
 - b) Each school administration should insist that personnel set good examples of behaviour and sportsmanship and to correct those individuals at fault, at a time convenient, in a manner adequate for this situation.
 - c) Each school administration should utilize all appropriate occasions and means to emphasize desirable behaviour and sportsmanship to all students and school personnel.
 - d) The supervision of trips and away contests should be such as to assure that the conduct of school representatives bring credit to themselves, their school and their sport. To this end, the Association advocates the full promotion of co-operative host-guest relationships between and among schools entering into athletic competition.

3. Association Responsibility and Sportsmanship Rule

- a) Association Responsibility: The Association recognizes and appreciates that the influence and responsibility of the school administration with regard to good sportsmanship extends to all levels of competition. However, it must also be seen that the Association has been vested with the responsibility to ensure that all contests under its jurisdiction are conducted satisfactorily. In exercising its responsibility as it applies to the principles of good sportsmanship, the Association will be guided by the following rule
- b) Sportsmanship Rule: **HIGH STANDARDS OF COURTESY, FAIR PLAY, AND SPORTSMANSHIP MUST FEATURE ALL ASSOCIATION COMPETITIONS.** (While this rule is a general statement and one, which may be difficult to reduce to objective standards in terms of enforcement, it is the heart of the entire Association program. Good sportsmanship, respect for rules, respect for others, and fair play are basically the motives through which an interscholastic athletic program is justified and defended.) The integrity of schools, coaches, representative teams and competitors shall be above reproach. It is imperative that schools endeavor to honour all commitments. Competition should be in the spirit of friendly rivalry rather than enmity. Emphasis should at all times be on the activity rather than on the result.
- c) Executive Authority: The Association vests authority in its President and Executive Director to investigate and take appropriate action on any reported flagrant violation of the sportsmanship rule occurring during inter-zone, regional, or provincial competitions.
- d) Violations: Reported violations shall be resolved in a manner sufficient to correct the problem, and may range from a written statement of findings by the Board of Directors to the school administrators, to probation, fine, or suspension for the school.
- e) Any report of a flagrant violation of the sportsmanship rule occurring during an Association sponsored event, must be submitted in writing and posted within 48 hours of the incident to the Executive Director of the Association.
- f) The MHSAA be allowed to extend the suspension of an athlete to other MHSAA Provincial Sport Championships when abuse of other players, coaches or officials occurs.

4. When the rules of the Association are in conflict with those of the Sport Governing Body, then the rules of the Association shall take precedence.

6. “AAA” for provincial urban volleyball and basketball – All “AAA” urban schools must play a minimum of 4 matches or games against “AAA” rural schools and 2 (two) matches or games outside of Winnipeg. 7. For sports competing in the Junior Varsity Category, participating athletes must be under the age of 17 as of midnight of the current school year, August 31. Students are eligible to participate in junior varsity for two years. In determining the two-year clause, member schools must count grade 9 as the first year. **The athlete’s eligibility begins upon enrolment in grade 9 and is allowed two consecutive years of competition from time of enrolment in grade 9.**
8. Every school and activity (varsity, junior varsity) must complete the online eligibility registration (ExNet). This should be submitted to the MHSAA, one copy to the zone convenor, and one copy should remain with their school. Eligibility deadline dates are listed in each sport section. The reason that we ask for eligibility forms is to keep an accurate accounting and record of student athletes. Failure to submit online eligibility forms may result in a fine.

II. Supervision

1. At all Association Provincial Championships, interzone and wildcard games, participants must have a teacher in attendance as a supervisor, or they will not be allowed to compete. In individual sports where it may be unrealistic for one teacher to accompany one student, the zone may designate teacher supervisors for athletes; however, this must be indicated well in advance both to the teacher who is supposed to be supervising as well as the students from the various schools. When school teams have non-teacher coaches involved with a team, a teacher still must supervise that team when advancing to Provincial play-offs.

RECRUITING POLICY

Statement on Recruiting:

In support of the MHSAA's principles on participation, which is to ensure fair and equitable competitions for all students participating in high school athletic programs, the MHSAA membership encourages open and positive communication between schools, teachers, and coaches.

The Manitoba High Schools Athletic Association opposes any attempt to recruit student athletes from one member school to another. Recruiting is defined as a representative of the school (teacher, administrator, school division employee, coach, student, parent, alumnus or any other person representing themselves as a school contact) either directly or through another party, encouraging a student to transfer to their school, for the purpose of being involved in co-curricular athletic activities.

Acceptable Communication

1. Schools and coaches can advertise their athletic programs as part of a total school package.
2. Athletics can be a topic at an open house and be part of a school information/registration package.
3. Information on specific programs may be presented to students at information sessions held in the student's transition year.
4. Information about teams and school sport programs may be posted on the schools website.
5. Communication may take place with a student and/or parent upon their request or consent, and with the acknowledgement and knowledge of the student's home school's administration. If a student or parent makes contact, the school cannot talk with them, until they advise the administration of the student's current school.

Unacceptable Communication

1. Teachers or school representatives that are part of a sport club, or Sport Manitoba program shall not discuss their school team or otherwise encourage the athletes currently attending their community program, to attend another school.
2. A coach or representative of the school shall not initiate contact with any student that does not attend, or directly feed into their school, for the purpose of suggesting, encouraging or explaining a transfer to that school.
3. A teacher/coach or representative of the school shall not encourage any other person, including past or present players to contact any student to suggest, encourage or explain a transfer to a different school.
4. A coach or representative of the school shall not permit a student not currently enrolled and accepted at the school, to practice or participate in team activities. Equipment cannot be given to students not enrolled in your school.
5. Coaches or representatives shall not meet with the parents of a student or the student if they are currently enrolled in another school.
6. Coaches or representatives shall not offer incentives to any student, parent or guardian (e.g. fees, tuition, bus passes, rides, equipment or waivers) that may influence their decision to attend another school.

7. Coaches or representatives shall not offer school privileges or considerations not normally granted to other students.

Sanctions and Penalties

1. Upon reporting of a recruiting violation **in writing**, to the MHSAA Executive Director, he or she shall initiate an investigation of the allegations contained in the written notice. The MHSAA Executive Director will present the written complaint to the accused and request a written response. The principal of the alleged offending school will also be contacted. An independent panel will review the complaint.
2. Should the investigation result in confirmation of recruiting, the Board of Directors will review the infraction, and sanctions may range from:
 - probation AND/OR
 - \$500.00 fine to the offending school, AND/OR
 - Immediate suspension of that school in that sport for the remainder of the school year, plus the following school year, AND/OR
 - Immediate suspension of that school in all MHSAA Activities for an indefinite period

Note: All sanctions and penalties may be appealed to the MHSAA Board of Directors.

2. FORMAT & RULES

A) ENTRIES: Each zone is permitted to enter one (1) girls team and one (1) boys team. Each boy's team shall consist of four (4) members, from the same school. Each girl's team shall consist of a minimum of three (3) members to a maximum of four (4) members, from the same school. **If the top individual scorer for the zone is not a member of the zone winning team, then the zone will also be permitted to enter that top individual boy (1) and girl (1) scorer from their zone tournament.** To be eligible to participate in the MHSAA Golf Provincials, golfers must shoot a score under double par for the course at their zone championship.

FORMAT: The boys and girls provincial competition will be a team competition. A team score shall be compiled using the best three (3) gross scores of each player. There shall be one (1) boys team and one (1) girls team crowned Provincial Champions.

Ties: In the case of a tie, for any medal or individual position, matching scorecards will be used. All golfers on the team will have their scores considered in each step of the matching scorecard procedure. The winner will be determined on the compiled basis of the best three scores for the last nine holes. If the tying teams have the same score for the last nine, the winner will be determined on the basis of the last 6 holes, then the last three holes, and finally the 18th hole.

Foursomes will be comprised of golfers chosen at random.

Registration will be from 8:30 am to 9:30 am.

Opening ceremonies begin at 9:30 am.

Shotgun start will be at 10:00 am

- B) RULES:** The playing rules of the Royal Canadian Golf Association and local rules as proclaimed by the host club shall govern the competition. Special playing rules approved by the MHSAA will take precedence over rules in the official rulebook.

The tournament shall take place during the third week of September and will be one (1) round of 18 holes of stroke play competition.

In MHSAA zone and provincial competition, caddies are not allowed. Players may not communicate with spectators (this includes coaches, parents, etc.) during play.

Local rules will be distributed to participants prior to tee off.

Conduct: Participants are warned that conduct deemed to be unsportsmanlike or unacceptable (eg. club throwing, swearing or damaging golf course property, etc) may result in disqualification and forfeiture of their \$200.00 performance bond. No smoking will be allowed on the course or in Clubhouse.

Drinking/Drugs: Any athlete, coach, manager, or other school member caught drinking or in possession of any illegal drugs or alcohol, before or after the competition will cause the TEAM to be automatically suspended from the competition and forfeiture of their \$200.00 performance bond. No smoking on course or in clubhouse.

1. no muscle shirts
2. shirts with sleeves must be worn
3. no hockey or football jerseys
4. no jeans, jean shorts, spandex or sweats will be allowed on the course
5. baseball caps must be approved prior to or at the championship and should be golf related logo's. Caps cannot have sponsorship or inappropriate print.

Coaches should be advised that if the uniform rule is not adhered to, they may be fined up to \$200.00 and be placed on probation. (Probation being that: if the school violates the infraction again, the school may be fined \$200.00 and may be suspended from all MHSAA activities.)

*** Advertising on uniforms must adhere to guidelines as outlined on pages 130-131**

3. AWARDS:

Awards Presentation: *All teams are expected to stay for the presentation of the awards. Teams may be fined for not being present for the awards.*

Awards will be presented to the top three (3) teams in the male and female categories (5 per team). In addition the top female and male individual score will be recognized. Provincial Banners are awarded in the team category only.

4. SUPERVISION

At all MHSAA Provincial Championships, interzone and wildcard games, participants must have a teacher from the school division in attendance as a supervisor, or they will not be allowed to compete. In individual sports where it may be unrealistic for one teacher to accompany one student, the zone may designate teacher supervisors for athletes. This must be a written request, signed by each principal involved, and approved by the MHSAA, well in advance. The designated teacher supervisor should have a copy of the letter, with them during the championship.

Teachers employed in the school division where they are coaching a team, may be the supervisor for that team. The responsibility rests with the school to ensure that supervisor(s) are fully acquainted with all MHSAA rules, regulations and consequences. Violation of this rule may result in a bond forfeiture up to a maximum of \$200.00.

Teacher Supervisor Responsibility: each teacher supervisor will be scheduled to accompany a foursome for every hole to assist in the accuracy of the scores. A mutual agreement must be attained at the end of each hole with the foursome and the teacher supervisor. The teacher supervisor will be in charge of each scorecard.

5. INCLEMENT WEATHER PROCEDURE

The MHSAA, in cases of severe weather disruptions, may have to make decisions as to the possible rescheduling of Provincial Championships. MHSAA decisions will be based on Environment Canada Weather reports, the Manitoba Highway reports and weather conditions at the host site.

Information on possible schedule changes will be posted on the host website between 6:30 and 7:00 am on the day of the Championship. Schools will also be emailed any changes. In case of inclement weather, schools should refrain from travelling to Provincial Championships until they receive notification from the MHSAA Assistant Executive Director with instructions and updated scheduling. Schools making a decision to travel prior to receiving notification from MHSAA Assistant Executive Director do so at their own risk and will be responsible for their travel and hotel costs, should the event be postponed or changed.

Many schools travel to Provincial Championships on the day prior to the championship beginning. In cases where most schools are already at the host site,

the convenor along with MHSAA assistant director will try to modify schedules to accommodate teams that will be arriving later due to weather conditions.

2. FORMAT & RULES

- A) **FORMAT:** for both the girls and boys championship, it will be a 10 team tournament with a championship and consolation play-off.
- B) **RULES:** FIFA rules will be in effect. Special playing rules approved by the MHSAA will take precedence over playing rules in the official rule book.

Teams arriving late: If a team is fifteen (15) or more minutes late without a valid reason, the game may be forfeited or the team arriving on time may be awarded goal(s). (Up to the discretion of the convenor and/or MHSAA representative)

Game Length: All games will consist of two 45 minute halves.

Overtime: Should there be overtime, the overtime will consist of two 7 ½ minute halves. After that, if the teams are still tied, penalty kicks (as per FIFA Rules) will decide the winner. Teams will select five players from those eleven players on the field at the end of the overtime to take the first round of kicks alternately with the opposition. If, after the first round of kicks the score still remains tied, then teams will continue alternating the shootout one at a time with those players of the eleven who have not shot. Teams must have an even number of shots to declare a winner. That is, the first team to score does not necessarily win. If the score remains tied after all eleven players have taken kicks, then any of the first five shooters is eligible to take kicks again.

Uniforms: Shin guards are mandatory. Teams must have the same coloured shirts and matching shorts. Absolutely no multicoloured shorts, knee length shorts or cut off jean shorts. A set of extra uniforms or pinnies (numbered) should also be brought to prevent uniform clashes. Teams with improper uniforms may not be allowed to play. Athletes, team members and coaches will not be allowed to wear headgear during competition (except the goal keeper). Athletes, team members and coaches will not be allowed to wear headwear during opening ceremonies, award ceremonies or any special functions.

Coaches should be advised that if the uniform rule is not adhered to, they may not be allowed to compete and may be fined up to \$200.00 and be put on probation. (Probation being that; if the school violated the infraction again, the school may be suspended from all MHSAA activities).

Advertising on uniforms must adhere to guidelines as outlined on pages 130-131.

Substitutions: Each team is allowed an unlimited number of substitutes. Substitutions are allowed at any time during the game when there is a definite stoppage in play and when the substituting team is in possession of the ball. The referee must be informed of the intention to enter the game by calling "substitution". The substitute should remain on the sidelines until the referee waves him/her in. Players coming out of the game may return later. Players sent off during a game by the referee cannot be replaced. The suspended player cannot return during the game.

Cautions: A player receiving one red or two yellow cards during the tournament will be automatically suspended for the following game. In the case of a red card received during a game, the player will be ejected and the team will be forced to play short for that game. The player will not be allowed to play in the next game. If a player receives two yellow cards in one game he/she will be ejected from the game and the team will be forced to play short for that game. The player will not be allowed to play in the next game. If a player receives two yellow cards during the tournament he/she will be suspended from the next game.

Equipment:

Coaches are asked to bring the following equipment to minimize problems:

- the team's own properly marked soccer balls for warm-ups (Size 5)
- **first aid kits.** Each school is responsible for bringing: Tape, bandages and other supplies for treating minor injuries. (Do not expect to have tape provided)

3. AWARDS

Medals are to be awarded to the 1st place, 2nd place, 3rd place teams (max 20). The winner and finalists will receive the championship banners, while, the consolation and third place winners will also receive a plaque.

Eleven all-stars and one MVP will be selected.

4. SUPERVISION

At all MHSAA Provincial Championships, interzone and wildcard games, participants must have a teacher from the school division in attendance as a supervisor, or they will not be allowed to compete. In individual sports where it may be unrealistic for one teacher to accompany one student, the zone may designate teacher/supervisors for athletes. This must be a written request, signed by each principal involved, and approved by the MHSAA, well in advance. The designated teacher/supervisor should have a copy of the letter, with them during the championship.

Teachers employed in the school division where they are coaching a team, may be the supervisor for that team. The responsibility rests with the school to ensure that supervisor(s) are fully acquainted with all MHSAA rules, regulations and consequences. Violation of this rule may result in a bond forfeiture up to a maximum of \$200.00.

5. INCLEMENT WEATHER PROCEDURE

The MHSAA, in cases of severe weather disruptions, may have to make decisions as to the possible rescheduling of Provincial Championships. MHSAA decisions will be based on Environment Canada Weather reports, the Manitoba Highway reports and weather conditions at the host site.

Information on possible schedule changes will be posted on the host website between 6:30 and 7:00 am on the day of the Championship. Schools will also be emailed any changes. In case of inclement weather, schools should refrain from travelling to Provincial Championships until they receive notification from the MHSAA Assistant Executive Director with instructions and updated scheduling. Schools making a decision to travel prior to receiving notification from MHSAA Assistant Executive Director do so at their own risk and will be responsible for their travel and hotel costs, should the event be postponed or changed.

Many schools travel to Provincial Championships on the day prior to the championship beginning. In cases where most schools are already at the host site, the convenor along with MHSAA assistant director will try to modify schedules to accommodate teams that will be arriving later due to weather conditions

Entries must be sent in on Zone Entry forms provided by the MHSAA. These forms will be emailed to zone convenors. **LATE AND/OR INCORRECT ENTRIES MAY BE SUBJECT TO A FINE!!!**

- Please ensure schools participating in Provincials receive all information needed.
- Please ensure that participants who are representing your zone will attend the Provincial Championship.
- **Each zone is allowed to enter up to four (4) teams per zone, per category.** (Only one (1) team per school, per category, is allowed). Open entries and team entries will run together.

B) **FORMAT:** There will be provincial competitions for cross country in both the Varsity and Junior Varsity categories. All "A-AAA" schools will be scored as one classification, while all "AAAA" schools will be scored as one classification.

C) **RULES:**

In order to qualify for the junior varsity competition, an athlete must meet the following requirements:

- a) Participating athletes must be under the age of 17 as of midnight of the current school year, August 31.
- b) Students are eligible to participate in junior varsity for two years. In determining the two-year clause, member schools must count grade 9

as the first year. The athlete's eligibility begins upon enrolment in grade 9, and is allowed two consecutive years of competition from time of enrolment in grade 9.

Team Composition: each school must declare no less than five runners and no more than seven runners.

Open runners which are not included in the team composition may still run and are eligible for the overall open championship.

The Team Champion will be determined by the team which has the lowest accumulated score after adding the placing of the school's first five runners.

(eg) Cross Country Collegiate

Jack O	2	Joe. B	11
Tai N	4	John D.	16
Bud D	8	TEAM SCORE	41

Important Note: Teams must start the race with at least 5 runners. If your team finishes with less than 5 runners, a 'phantom' number, which would be equivalent to the number of the last runner in the race, would be assigned to the non finishing competitor.

Team results will be separated from Open results. (eg)

<u>Overall Sheet</u>	<u>Team Place</u>	<u>Overall Sheet</u>	<u>Team Place</u>
1 Open runner		4 Pete Haines	2
2 Abdul Smith	1	5 Joe Johnson	3

Absolutely No multicoloured t-shirts, slogan t-shirts, multicoloured shorts, or cut off jean shorts will be acceptable for participants to wear. Once the alternate player enters the game, he/she must remain playing for the entire game. In subsequent games, any four (4) players may start.

All games will be eight (8) ends using time clocks. (64 minutes for each team). In the event of a tie, at the end of the 8th end, an extra end is necessary and shall be played in rotation until a winner is declared.

Free Guard Zone: Four (4) rock free guard zone rule in effect.

Time-Outs - Teams may call **two** sixty second time outs per game. One time out per extra end is allowed. The coach may confer with the team at that time. A player or coach of the team whose clock is running may only call a time out. The team that called the time out may access the playing surface with their coach. The team that did not call the time out may confer with the coach but they shall not access the playing surface. These **two** time outs are in addition to the five minute time out after the 4th. Before the first extra end, there will be a two minute break, where the coach is allowed to go onto the ice to talk to their rink.

Time: An end is considered complete when the last rock of the end has reached the T-line at the throwing end.

If a team is unable to commence play at the designated time, it shall be assessed a penalty of one point and one end shall be considered played for the first 5 minutes the team is late. One penalty point shall be considered for each additional five minutes the team is late. When the game commences, the non-offending team will be given the choice of last rock. After thirty minutes have elapsed, the non-offending team shall be declared the winner.

Scorecards will be placed behind each sheet. The winning team must sign the card and turn it into the umpire immediately after the game.

Thirds make their own measurements. If there are any concerns, the umpire can be summoned to assist.

Uniform Rule: Style and colour of uniform must be consistent throughout the team. **Uniforms must also be representative of their school.** No multi-colored pants, jeans or club affiliated clothing permitted. Curlers and coaches will not be allowed to wear headwear during competition, opening ceremonies, awards ceremonies, banquets and/or luncheons. Any curler, team member or coach deemed in violation may be subject to a performance bond violation in the amount \$50.00 - \$100.00 assessed to the school.

Advertising on uniforms must adhere to guidelines as outlined on pages 130-131

Coaches should be advised that if the uniform rule is not adhered to, the team may not be allowed to compete and may be fined up to \$200.00. The school may also be put on probation (probation being that if the school violates the infraction again, the school may be fined \$200.00 and be suspended from all MHSAA activities).

All teams MUST be in school uniforms for the ceremonies. (No headwear is allowed).

No smoking on the Provincial sites.

3. AWARDS

In each division, the championship team will receive the Association championship banner, first place medals and Championship T-shirts (max. of 6).

The runner-up team in the championship event will receive the Association finalist banner and second place medals (max. of 6).

4. SUPERVISION

At all MHSAA Provincial Championships, interzone and wildcard games, participants must have a teacher from the school division in attendance as a supervisor, or they will not be allowed to compete. In individual sports where it may be unrealistic for one teacher to accompany one student, the zone may designate teacher supervisors for athletes. This must be a written request, signed by each principal involved, and approved by the MHSAA, well in advance. The designated teacher supervisor should have a copy of the letter, with them during the championship.

Teachers employed in the school division where they are coaching a team, may be the supervisor for that team. The responsibility rests with the school to ensure that supervisor(s) are fully acquainted with all MHSAA rules, regulations and consequences. Violation of this rule may result in a bond forfeiture up to a maximum of \$200.00.

5. INCLEMENT WEATHER PROCEDURE

The MHSAA, in cases of severe weather disruptions, may have to make decisions as to the possible rescheduling of Provincial Championships. MHSAA decisions will be based on Environment Canada weather reports, the Manitoba Highway reports and weather conditions at the host site.

Information on possible schedule changes will be posted on the host website between 6:30 and 7:00 am on the day of the Championship. Schools will also be emailed any changes. In case of inclement weather, schools should refrain from travelling to Provincial Championships until they receive notification from the MHSAA Assistant Executive Director with instructions and updated scheduling. Schools making a decision to travel prior to receiving notification from MHSAA Assistant Executive Director do so at their own risk and will be responsible for their travel and hotel costs, should the event be postponed or changed.

Many schools travel to Provincial Championships on the day prior to the championship beginning. In cases where most schools are already at the host site,

the convenor along with MHSAA assistant director will try to modify schedules to accommodate teams that will be arriving later due to weather conditions.

2. FORMAT/RULES

- A) **FORMAT:** Both Championships will be a six (6) team round robin tournament divided into two pools of three teams each, with teams advancing to play-off rounds. For the “AA” Championship there will be a consolation and 3rd place game. The “AAAA” Championship will have NO consolation or 3rd place game.

Overtime: overtime will consist of one or two -10 minute periods (depending on rink time availability). This first sudden death period will be 5 on 5. If there is time for a second 10 minute period, it will be 4 on 4.

After that it will be a shoot out with each team selecting 5 players to shoot. If the score is still tied, then it will be a group of 3 different shooters. If still tied, then it will be one on one with different shooters until a team reaches 12 shooters and then they can begin to reuse players

No team will have fewer than three skaters in overtime, so if a team is penalized in overtime, the other team would add a player rather than the penalized team removing a player. In any case, the penalized player would still serve his or her penalty.

- B) **RULES:** All players must be registered on both Hockey Manitoba Forms, and the MHSAA Online registration. **No additions permitted to MHSAA eligibility form after NOVEMBER 7** of current year.

AP players must be included on MHSAA eligibility sheet by the deadline date.

- d) **Maximum of 25 players (including A.P.'s).** The players must be playing regularly on your team. You cannot place a player on MHSAA eligibility sheet, and then hope to use the player in January, after Hockey Manitoba cut dates. **AP players are to be used only in case of injury to rostered players.** In hockey, grade 9 students (first year bantams) are eligible to play in the Winnipeg High School Hockey league only. They are ineligible to play in all other high school hockey leagues as per agreement with Hockey Manitoba

The HOME team is the higher ranked/seeded team on the draw. The home team will wear their white sweaters. (The dressing room # will be on the draw).

“AAAA” games will consist of 2 -15 minute and one 20 minute stop time periods “AA” games will usually consist of 3-20 minute periods. The format will be as follows: (games may be changed depending on ice availability).

- a 10 minute pre-game skate approximately 25 minutes prior to game time.
- teams will warm up on the 3rd period ice of the preceding game.
- a flood 15 minutes prior to game time. (when possible)

The mercy rule will be in effect for all games. Running time is used when one team is ahead by 5 or more goals with 5 minutes left in the game.

The maximum number of players dressed per game will be 19. The maximum number of coaches, trainers, etc. allowed on the bench will be 4.

Each team will be allowed one time out per game.

Any player who receives 4 penalties in one game, or 3 stick penalties, shall be removed from that game. This is not a game misconduct and the penalty can be served by any player.

Players that play in a league that require neck guards will be required to wear them.

Centre ice red line will be used in icing calls. It will not be used for offside calls. This allows teams to pass from their own goal line to the opposition's blue line.

Tie Breaker Rule: In the event that teams are tied for a playoff position after the round robin, the following procedure will apply:

6. The team with the most wins in the round-robin gains the highest position.
7. If the teams are still tied after 1 above, the winner of the round-robin game between the tied teams gains the highest position.
8. If the teams are still tied after 1, and 2 have been applied, then the team with the best goal average gains the highest position. The goal differential of a team is to be determined in the following manner:

Total number of goals for divided by the total number of goals for and against. NOTE: All round-robin games are included.

NOTE: The highest percentage gains the highest position.

9. If the teams are still tied after 1, 2, and 3, have been applied, the team with the least number of minutes in penalties throughout all round-robin games, gains the highest position.
10. If the teams are still tied after 1, 2, 3, and 4 have been applied, then the team that scored the first goal in the game between the tied teams gains the highest position.
11. If the teams are still tied after 1, 2, 3, 4, and 5 have been applied, a single coin toss will determine which team gains the highest position.

In the case where you have three or more teams tied you would move through the steps above one after the other until all ties have been broken.

If any team uses an ineligible player or players, then that team will forfeit the game in which the ineligible player or players played, or were listed on the score sheet.

Any player who receives a Fighting or Match penalty in the Provincials will be removed for the duration of the Provincial Championship.

Any player who receives a Game Misconduct will be removed from that game plus the next game.

All leagues must submit penalty statistics of teams which qualify for provincials. These penalties will carry over.

All coaches behind bench must have a minimum of Coach Level Certification. Other Hockey Canada qualification, such as safety, and speak out must be held by other bench personnel.

Uniform Rule: Athletes, team members and coaches will not be allowed to wear headwear (excluding players helmets), during competition, opening ceremonies, awards ceremonies, banquets and/or luncheons. **Any athlete or coach deemed in violation may be subject to a performance bond violation in the amount \$50.00 - \$100.00 per violation assessed to the school.**

The designated teacher supervisor should have a copy of the letter, with them during the championship.

Teachers employed in the school division where they are coaching a team, may be the supervisor for that team. The responsibility rests with the school to ensure that supervisor(s) are fully acquainted with all MHSAA rules, regulations and

consequences. Violation of this rule may result in a bond forfeiture up to a maximum of \$200.00.

5. INCLEMENT WEATHER PROCEDURE

The MHSAA, in cases of severe weather disruptions, may have to make decisions as to the possible rescheduling of Provincial Championships. MHSAA decisions will be based on Environment Canada weather reports, the Manitoba Highway reports and weather conditions at the host site.

Information on possible schedule changes will be posted on the host website between 6:30 and 7:00 am on the day of the Championship. Schools will also be emailed any changes. In case of inclement weather, schools should refrain from travelling to Provincial Championships until they receive notification from the MHSAA Assistant Executive Director with instructions and updated scheduling. Schools making a decision to travel prior to receiving notification from MHSAA Assistant Executive Director do so at their own risk and will be responsible for their travel and hotel costs, should the event be postponed or changed.

Many schools travel to Provincial Championships on the day prior to the championship beginning. In cases where most schools are already at the host site, the convenor along with MHSAA assistant director will try to modify schedules to accommodate teams that will be arriving later due to weather conditions.

Schedules and other pertinent information will be posted on the MHSAA website prior to the championships

1. DEADLINE DATES

TOURNAMENTS must be registered at the MHSAA by **APRIL 10**. This must be entered online through EXNET.

ONLINE ELIGIBILITY by **APRIL 10**. All schools must complete the online eligibility regardless of whether or not they will be attending the provincials.

ZONE PLAYOFFS must be completed by **APRIL 22**

ENTRIES must be received by **APRIL 23** - 4:00 pm All zone entries are to be submitted online at the provincial championship website. Late entries may not be accepted.

WILDCARD APPLICATIONS are due by **APRIL 23** at **1:00 pm sharp**. Wildcards are open to zone semi-finalists and finalists only. Applications must include the following:

- Complete season record of all games played (exhibition, league, tournament). Season Record Form available on the MHSAA website.
- Letter of intent to participate signed by the Principal.
- \$25.00 cheque made payable to the MHSAA. (If you are faxing or emailing the application please send along a photocopy or scanned copy of the cheque). If your school has multiple teams applying for wildcard spots, please make sure there is a **SEPARATE CHEQUE FOR EACH TEAM**. If not selected, your cheque will be returned.

If your application does not include ALL of the above, and/or is late, the application will not be considered. **WILDCARD ENTRY** will be determined by a committee, as determined by the MHSAA. The rationale used for the decision will be an applicant's high school tournament play and high school zone play. The wildcard entry will be awarded outright. Wildcard decisions will be posted on our website on the Monday, prior to the championship.

2. FORMAT & RULES

A) **FORMAT:** Badminton Point-a-Rally will be used. The tournament will be seeded into four pools and round robin will be played. The top two finishers in each pool will go onto a championship draw which will be a double elimination

draw. All playoffs games on the championship side will be a best of three matches, (excluding playoff games 1-4). The third and fourth finishers in each pool will go onto the consolation draw. During championship playoff games that are a best of three match, a coaching interval not exceeding 90 seconds is allowed between the 1st and 2nd games. IF a third game is to be played, players will switch courts at the 11th point. Time between matches will be limited to 10 minutes.

Events – Girls Singles, Boys Singles, Girls Doubles, Boys Doubles & Mixed Doubles

- B) ENTRIES:** Zones 1-14 are limited to two entries per event (Zone 15 will be allowed one entry). A player may be entered in only one event.

Any athlete or doubles team finishing in the top two (2), of their zone, automatically qualify for provincial competition, with the exception of Zone 15 where only their winner will qualify. Doubles teams that advance, must advance with the partner that they qualified with, in their zone championship (Substitutions or replacements can NOT be made after zone competition).

ONE ENTRY will go to the **HOST ZONE**, meaning, that the host zone is now allowed to enter a third representative. The rationale for this is that for most MHSAA sports, there is a host spot and this may be more incentive and a reward for those zones (schools) that are hosting a provincial badminton championship. It is up to the host zone to determine how they will fill the host spots. If the host entry is the third entry for a single school in a category, that entry will not be allotted points towards the team scoring.

- C) RULES:** all matches will be governed by Canadian Badminton Association rules, except where noted by special MHSAA rules. In these cases MHSAA rules will take precedent over the official rules.

Tie Breaking procedure - if two teams are tied for first place, winner in round robin play finishes first. If two teams are tied for second place, then a one game 21 point play-off will be played to decide second place. If three teams are tied for first place, points for and against decide first place, between the three tied teams involved. The other two teams will play-off a one 21 point game for second place.

If three teams are tied for second place, points for and against between the three tied decide the bye, other two teams play off one 21 point game. The winner immediately plays the team who received the bye for second place. In the event of tied teams having the same plus - minus, points for and against in the whole round robin will determine positions to advance.

Recording scores - the winner is responsible, we recommend both be present when filling in the score card on your court. When leaving court please leave by the end of the courts when reporting scores or requesting shuttles, etc.

Coaching is not allowed from the side at anytime.

Officiating: the honor system shall be used throughout the tournament.

Five minute no show in effect.

Two minute warm up - coaches, if there is a delay, please ask your athletes to quickly prepare for play.

Serving - serve from wrong court is a “let” if it is noticed by the opponent

Defaults - Points will only be awarded if an entry does not show up for a scheduled match. It is the zones responsibility to ensure that their representatives fulfill any commitments. **If a player(s) leaves prior to finishing any or all of his/her games, their scores will all be eliminated. Their zone may also be subject to a \$200.00 performance bond violation.**

Equipment:

- all competitors must supply their own racquets
- Mavis 300 blue band nylon shuttlecocks (optic yellow) - supplied by the MHSAA
- shuttlecocks will be left on the court after a game. If a new shuttlecock is required, the one in use must be returned to a committee member
- **Protective eyewear** - the MHSAA strongly encourages the use of protective eyewear during Provincial Badminton Championships

Uniform Rule: Proper uniforms must be worn. Players are allowed to wear school uniforms, which must have short sleeves, or a plain white T-shirt. Doubles must have identical uniforms and shorts. Athletes can NOT wear other school jersey's that have the name of a sport on the jersey, other than the sport name of badminton. Appropriate shorts must be worn.

Athletes and coaches will not be allowed to wear headwear during competitions, opening ceremonies, awards ceremonies, banquets and/or luncheons. Any athlete or coach deemed in violation may be subject to a performance bond violation in the amount of \$50 - \$200 assessed to the school.

Coaches should be advised that if the uniform rule is not adhered to, the team/player may not be allowed to compete and may be fined up to \$200.00. The school may also be put on probation (probation being that if the school violates the infraction again, the school may be fined \$200.00 and be suspended from all MHSAA activities).

Advertising on uniforms must adhere to guidelines as outlined on pages 130-131

Scoring System: Points will be awarded from the ¼ finals through to the Championship finals as follows:

First place	12 points
Second place	10 points
Third place	9 points
Fourth place	7 points
Fifth and sixth	5 points
Seventh and Eighth	4 points
Consolation Champ	3 points

Consolation second, third and fourth	2 points
Consolation fifth, sixth, seventh & eighth	1 points

Tie breaker, if tied - greatest number of 1st place finishes. If still tied - greatest number of 2nd place finishes. If still tied - greatest number of 3rd place finishes. If still tied - greatest number of 4th place finishes. If still tied, it will be the greatest number of athletes in the quarterfinal.

3. **AWARDS**

A Provincial Championship banner will be presented to the winning school in the “A-AA” categories

A Provincial Championship banner will be presented to the winning school in the “AAA-AAAA” categories.

Provincial Champions will be declared in each of the events. They will receive medals and a championship T-shirt. Medals will also be presented to second and third place. Consolation winners will all receive ribbons.

4. **SUPERVISION**

At all MHSAA Provincial Championships, interzone and wildcard games, participants must have a teacher from the school division in attendance as a supervisor, or they will not be allowed to compete. In individual sports where it may be unrealistic for one teacher to accompany one student, the zone may designate teacher supervisors for athletes. This must be a written request, signed by each principal involved, and approved by the MHSAA, well in advance. The designated teacher supervisor should have a copy of the letter, with them during the championship.

Teachers employed in the school division where they are coaching a team, may be the supervisor for that team. The responsibility rests with the school to ensure that supervisor(s) are fully acquainted with all MHSAA rules, regulations and consequences. Violation of this rule may result in a bond forfeiture up to a maximum of \$200.00.

5. **INCLEMENT WEATHER PROCEDURE**

The MHSAA, in cases of severe weather disruptions, may have to make decisions as to the possible rescheduling of Provincial Championships. MHSAA decisions will be based on Environment Canada weather reports, the Manitoba Highway reports and weather conditions at the host site.

Information on possible schedule changes will be posted on the host website between 6:30 and 7:00 am on the day of the Championship. Schools will also be emailed any changes. In case of inclement weather, schools should refrain from travelling to Provincial Championships until they receive notification from the

MHSAA Assistant Executive Director with instructions and updated scheduling. Schools making a decision to travel prior to receiving notification from MHSAA Assistant Executive Director do so at their own risk and will be responsible for their travel and hotel costs, should the event be postponed or changed.

Many schools travel to Provincial Championships on the day prior to the championship beginning. In cases where most schools are already at the host site, the convenor along with MHSAA assistant director will try to modify schedules to accommodate teams that will be arriving later due to weather conditions.

Teams arriving late: If a team is fifteen (15) or more minutes late without a valid reason, the game may be forfeited or the team arriving on time may be awarded goal(s). (Up to the discretion of the convenor and/or MHSAA representative)

Game Length: All games will consist of two 35 minute halves.

Overtime: Should there be overtime, the overtime will consist of two 7 1/2 minute halves. After that, if the teams are still tied, penalty kicks (as per FIFA Rules) will decide the winner. Teams will select five players from those eleven players on the field at the end of the overtime to take the first round of kicks alternately with the opposition. If, after the first round of shots the score still remains tied, then teams will continue alternating the shootout one at a time with those players of the eleven who have not shot. Teams must have an even number of shots to declare a winner. That is, the first team to score does not necessarily win. If the score remains tied after all eleven players have taken kicks, then any of the first five shooters is eligible to take kicks again.

Uniforms: Shin guards are mandatory. Teams must have the same coloured shirts and matching shorts. Absolutely no multicoloured shorts, knee length shorts or cut off jean shorts. A set of extra uniforms or pinnies (numbered) should also be brought to prevent uniform clashes. Teams with improper uniforms may not be allowed to play. Athletes, team members and coaches will not be allowed to wear headgear during competition (except the goal keeper). Athletes, team members and coaches will not be allowed to wear headwear during opening ceremonies, award ceremonies or any special functions.

Coaches should be advised that if the uniform rule is not adhered to, they may not be allowed to compete and may be fined up to \$200.00 and be put on probation. (Probation being that; if the school violated the infraction again, the school may be suspended from all MHSAA activities).

Advertising on uniforms must adhere to guidelines as outlined on pages 130-131

Substitutions: Each team is allowed an unlimited number of substitutes. Substitutions are allowed at any time during the game when there is a definite stoppage in play and when the substituting team is in possession of the ball. The referee must be informed of the intention to enter the game by calling "substitution". The substitute should remain on the sidelines until the referee waves him/her in. Players coming out of the game may return later. Players

sent off during a game by the referee cannot be replaced. The suspended player cannot return during the game.

Cautions: A player receiving one red or two yellow cards during the tournament will be automatically suspended for the following game. In the case of a red card received during a game, the player will be ejected and the team will be forced to play short for that game. The player will not be allowed to play in the next game. If a player receives two yellow cards in one game he/she will be ejected from the game and the team will be forced to play short for that game. The player will not be allowed to play in the next game. If a player receives two yellow cards during the tournament he/she will be suspended from the next game.

Equipment:

Coaches are asked to bring the following equipment to minimize problems:

- b) the team's own properly marked soccer balls for warm-ups (Size 5)
- c) **first aid kits.** Each school is responsible for bringing: Tape, bandages and other supplies for treating minor injuries. (Do not expect to have tape provided)

3. **AWARDS**

Medals are to be awarded to the 1st place, 2nd place, 3rd place teams (max 20). The winner and finalists will receive the championship banners, while, the consolation and third place winners will also receive a plaque. Eleven all-stars and one MVP will be selected.

4. **SUPERVISION**

At all MHSAA Provincial Championships, interzone and wildcard games, participants must have a teacher from the school division in attendance as a supervisor, or they will not be allowed to compete. In individual sports where it may be unrealistic for one teacher to accompany one student, the zone may designate teacher supervisors for athletes. This must be a written request, signed by each principal involved, and approved by the MHSAA, well in advance. The designated teacher supervisor should have a copy of the letter, with them during the championship.

Teachers employed in the school division where they are coaching a team, may be the supervisor for that team. The responsibility rests with the school to ensure that supervisor(s) are fully acquainted with all MHSAA rules, regulations and consequences. Violation of this rule may result in a bond forfeiture up to a maximum of \$200.00.

5. **INCLEMENT WEATHER PROCEDURE**

The MHSAA, in cases of severe weather disruptions, may have to make decisions as to the possible rescheduling of Provincial Championships. MHSAA decisions will

be based on Environment Canada weather reports, the Manitoba Highway reports and weather conditions at the host site.

Information on possible schedule changes will be posted on the host website between 6:30 and 7:00 am on the day of the Championship. Schools will also be emailed any changes. In case of inclement weather, schools should refrain from travelling to Provincial Championships until they receive notification from the MHSAA Assistant Executive Director with instructions and updated scheduling. Schools making a decision to travel prior to receiving notification from MHSAA Assistant Executive Director do so at their own risk and will be responsible for their travel and hotel costs, should the event be postponed or changed.

Many schools travel to Provincial Championships on the day prior to the championship beginning. In cases where most schools are already at the host site, the convenor along with MHSAA assistant director will try to modify schedules to accommodate teams that will be arriving later due to weather conditions.

Advertising on Uniform Guidelines

- a. Advertising may be allowed on player's jerseys and singlets. Recognition of the sponsor may appear either on the left or right sleeve or the right or left breast. The maximum area to be covered by the advertising on the sleeve is 64 square cm (maximum length is 10cm). All advertising must be consistent on each uniform. (if a team has more than one sponsor, all sponsors must be on one patch totalling 64 sq. cm.) In hockey, advertising may be placed on the "bum bar".
- b. Advertising may appear on warm up tops and may appear either the left or right sleeve or left or right breast. Maximum area to be covered by the sponsorship advertising on the sleeve is 64 square cm (maximum length is 10 cm). All advertising must be consistent on each uniform.
- c. All teams must submit, in writing, to the MHSAA, their uniform sponsor logo's prior to the manufacturing of their jerseys. If there is a conflict, the participating team will have to cover the sponsorship. The decision of the MHSAA will be final.(cover up must be done tastefully. Ie: advertising on a blue jersey to be covered up with blue tape)
- d. Playing jerseys, singlets, and warm up tops in violation of the maximum size may be fined up to \$200.00 performance bond, per occurrence. (ie: ten violations on a team = ten occurrences). A second offence may deem the team ineligible for the remainder of the championship with a further fine of \$200.00
- e. An MHSAA official sponsor, who is also sponsoring a team, may have a larger logo size displayed. (larger size to be approved by the MHSAA Executive Director)
- f. Provincial sponsors may change from year to year, therefore, teams must be prepared to conform each year (the office to provide a list of MHSAA sponsors)
