HEALTH AND SAFETY PROGRAM

It is the policy of the Board of Education to promote and actively sustain a safe working and learning environment for all students and employees.

It shall be the responsibility of management to establish and maintain adequate maintenance standards for facilities and equipment, to ensure that physical and health hazards are guarded against or eliminated, and to develop an environment free from industrial accident and disease.

It shall be the responsibility of supervisors to ensure that their staff members are trained in proper work procedures and to enforce the observation by employees of proper work methods and all pertinent regulations.

It shall be the duty of all employees to follow proper work procedures, to observe all regulations pertinent to their work, and to co-operate in attaining the objective of an environment free from industrial accident and disease.
