

Gillis School Literacy Statement

At Gillis School, appreciation for Literacy develops when school and home work together to create meaningful reading and writing experiences, each and every day.

Gillis School Literacy Mission Statement

We believe Literacy is immersing students with a wide variety of meaningful and purposeful reading and writing practices in school and at home. By connecting past and present experiences, we will empower students for lifelong learning, to be independent thinkers and problem solvers. The love of literacy is fostered by working together to create meaningful reading and writing opportunities throughout the day, every day!

Gillis School Literacy Goal

By the end of each June, 90% of Gillis students will increase their reading and writing knowledge, skills and abilities by at least one stage on the reading and writing continuums.
