Administrative Positions Duties and Responsibilities

In the best interest of the organization roles and responsibilities for each of its district administrative positions are established and periodically reviewed. The board believes role descriptions act as a guideline for the responsibilities of personnel. Leadership is a critical component of all district administrative positions and entails the ability to develop and communicate a vision, establish plans and set priorities, implement activities through a variety of means and monitor and review progress.

Management and administrative personnel support and communicate district policy and direction. In a rapidly changing environment staff are expected to maintain professional currency, advocate for public education, demonstrate flexibility and work cooperatively to fulfill the district goals and mission statement.

The Superintendent of Schools is the Chief Executive Officer of School District No. 71 (Comox Valley) and is accountable to corporate board. For reporting responsibilities for all other positions, refer to the school district's organizational chart.
